Online manual The Ford Focus was created by the auto-manufacturer as a compact car that could be produced and sold globally. Ford's idea was to make sure it wasn't too optimized for one region like many compact cars before it were so that one model of compact car could be improved rather than a range of them. British and German Ford teams got together and set about creating the first Focus which made its way to customers in early 1999. Customers found the layout was customisable based on their demands, they could have a hatchback, sedan or station-wagon. Along with the standard engine sizes for the average family several performance versions were released, first the RS and then later the ST. The performance trims brought sports car technology under the foot of the average driver for an affordable price with running costs lowered by an abundance of spare parts. This 2015 Ford Focus owner's manual opens up to an introduction containing a symbols glossary that lists the warning lights and the meaning of them. The "At a Glance" chapter that follows shortly is a great way to quickly put a name to a part of the car that may be causing you confusion. Child safety is covered heavily next and here you can learn about child seat restraint systems and the child locks to stop your child opening the doors in the rear. These impartial arbitrators review the positions of the parties, make decisions and, when appropriate, render awards to resolve disputes. CAMVAP decisions are fast, fair, and final as the arbitrator's award is binding on both you and Ford of Canada. CAMVAP services are available in all Canadian territories and provinces. For more information, without charge or obligation, call your CAMVAP Provincial Administrator directly at 1-800-207-0685 or visit www.camvap.ca. GETTING ASSISTANCE OUTSIDE THE U.S. AND CANADA Before exporting your vehicle to a foreign country, contact the appropriate foreign embassy or consulate. These officials can inform you of local vehicle registration regulations and where to find unleaded fuel. If you cannot find unleaded fuel or can only get fuel with an anti-knock index lower than is recommended for your vehicle, contact our Customer Relationship Center. The use of leaded fuel in your vehicle without proper conversion may damage the effectiveness of your emission control system and may cause engine knocking or serious engine damage. Ford Motor Company or Ford of Canada is not responsible for any damage caused by use of improper fuel. Using leaded fuel may also result in difficulty importing your vehicle back into the United States. If your vehicle must be serviced while you are traveling or living in Asia-Pacific Region, Sub-Saharan Africa, U.S. Virgin Islands, Central America, the Caribbean, and Israel, contact the nearest authorized dealer. If the authorized dealer cannot help you, contact FORD MOTOR COMPANY Customer Relationship Center 1555 Fairlane Drive Fairlane Business Park #3 Allen Park, Michigan 48101 U.S.A. Telephone: (313) 594-4857 Fax: (313) 390-0804 Email: [email protected] For customers in Guam, the Commonwealth of the Northern Mariana Islands (CNMI), America Samoa, and the U.S. Virgin Islands, please feel free to call our Toll-Free Number: (800) 841-FORD (3673). If your vehicle must be serviced while you are traveling or living in Puerto Rico, contact the nearest authorized dealer. If the authorized dealer cannot help you, contact FORD MOTOR COMPANY Customer Relationship Center 1555 Fairlane Drive Fairlane Business Park #3 Allen Park, Michigan 48101 U.S.A.
